ABOUT COMPANY

Rameshwaram Rice Mill, established on 28 January 2011, is a modern and technologically advanced rice processing unit located in Mohania, Bihar. Built on 8 acres (approx.) of land, the mill has grown into one of the most trusted rice producers in the region.

With a commitment to delivering consistent, high-grade rice, the company operates with state-of-the-art machinery, expert workforce, and a deep understanding of the rice milling industry. Over the years, the team has gained extensive experience in producing premium-quality rice that meets domestic as well as international standards.

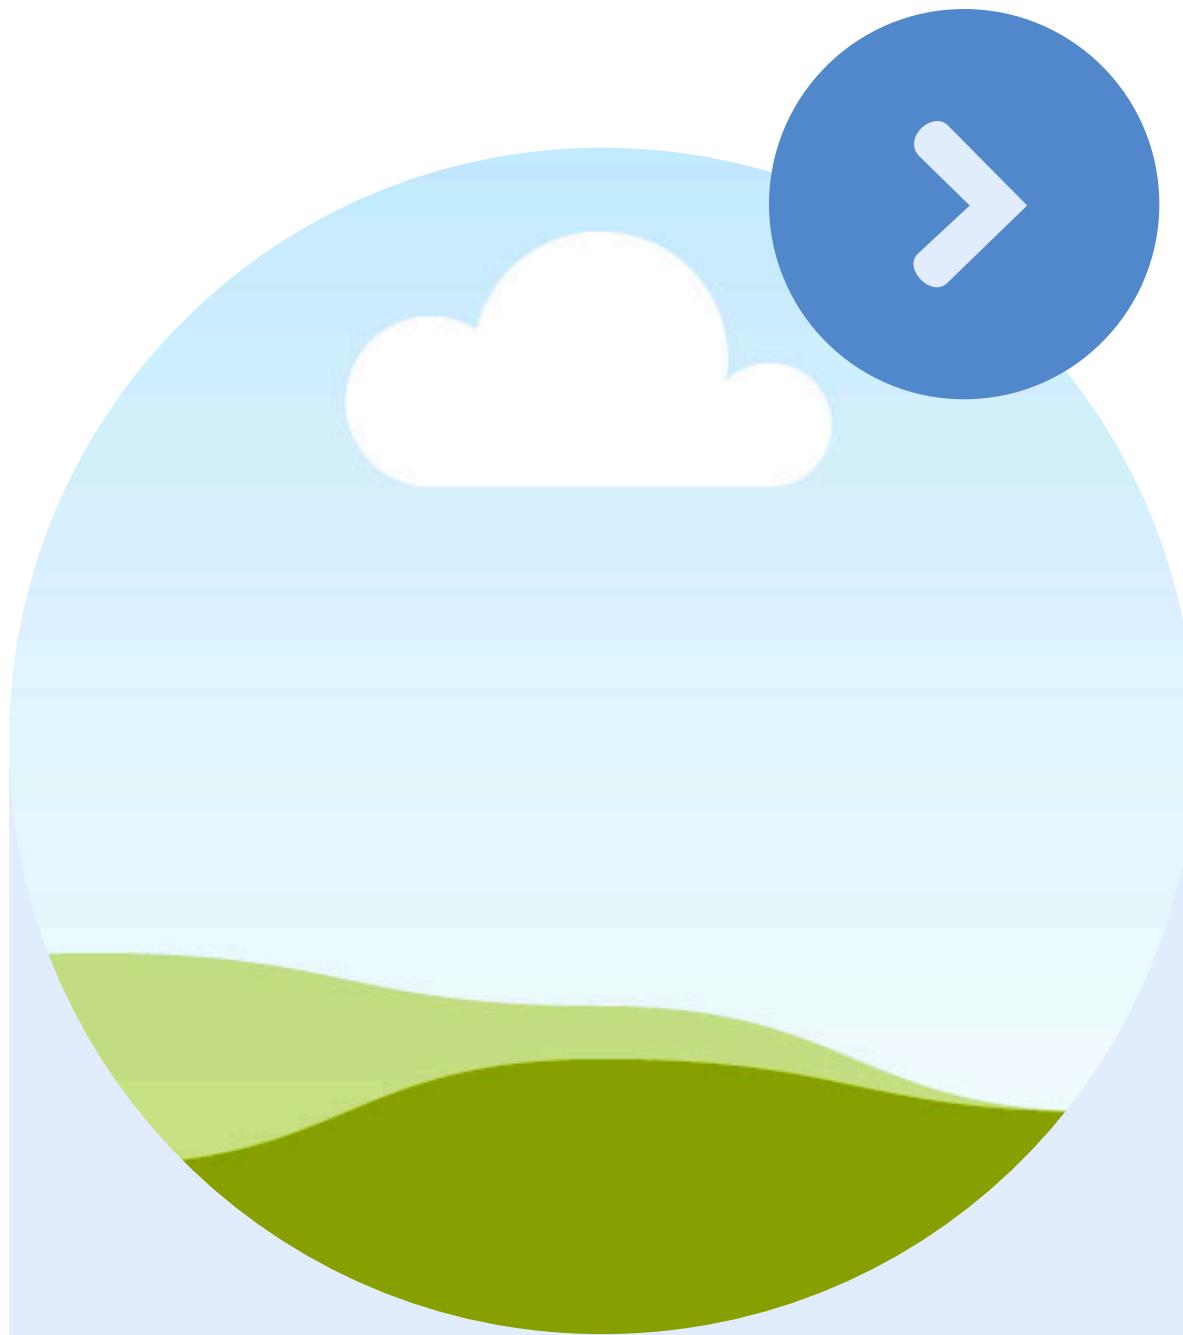

EXPERIENCE & INDUSTRY EXPERTISE

Both the promoter and directors of Rameshwaram Rice Mill bring several years of experience in rice processing and agri-business operations. Their hands-on industry knowledge ensures:

- Efficient production and processing
- High-quality output
- Strong supply chain management
- Continuous improvement in technology and infrastructure

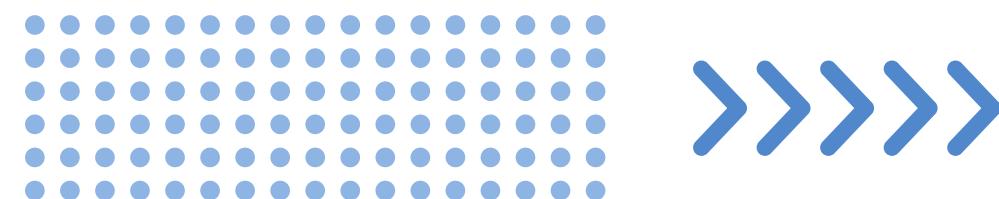

Their combined experience plays a crucial role in driving the growth and success of the company.

Mr. Amit Kumar Singh

An experienced and visionary entrepreneur, highly knowledgeable in rice production, machinery operations, and business development.
